

5th Biometrics Institute Technology Showcase & Exhibition

Where Government and User meet the Industry

Thursday, 26 November 2009, Hotel Realm Canberra

In its 5th year, this one day event will provide an insight into the latest developments in biometric technologies. This event provides a low-cost opportunity for the Biometrics Institute Vendor Members to showcase their latest products and services to this unique forum made up of over 100 members many of them government departments.

Confirmed Speaker:

Alexander Gagel, Lead Analyst, New Queensland Driver License, **Queensland Transport** addressing "Application of Biometrics to Driver Licenses"

Confirmed Sponsor:

Sponsorship opportunities available from \$440 incl. GST

Supplier presentations – find out about latest developments in biometrics

- Supplier presentations provide an update on the latest developments in biometrics. To find out about how to secure a speaking opportunity, contact member@biometricsinstitute.org.

Technology exhibition – experience biometrics hands-on

- A technology exhibition runs alongside this event displaying biometric products and services.
- Last year’s exhibitors included amongst others *Sagem Australasia, NEC, L-1 Identity Solutions* and *Unisys*.

Benefits of attending - the Biometrics Institute is the place where you find all the information on biometrics.

- Share the latest experiences with biometrics by networking with your peers
- Find up-to-date information on biometrics in a forum that focuses on the use of biometrics
- Hear from the experts - the Biometrics Institute attracts a high-level of speakers
- Meet the users and suppliers in one place

The event will allow delegates access to novel developments that are available to respond to identity management and security issues. This showcase will offer an opportunity to think outside the square!

The event will be a display of new developments in biometrics and is designed to inspire new thought in the use of biometrics. It is also an opportunity to share experiences.
