DIGITAL TRUST WITHIN THE TRAVEL CONTINUUM

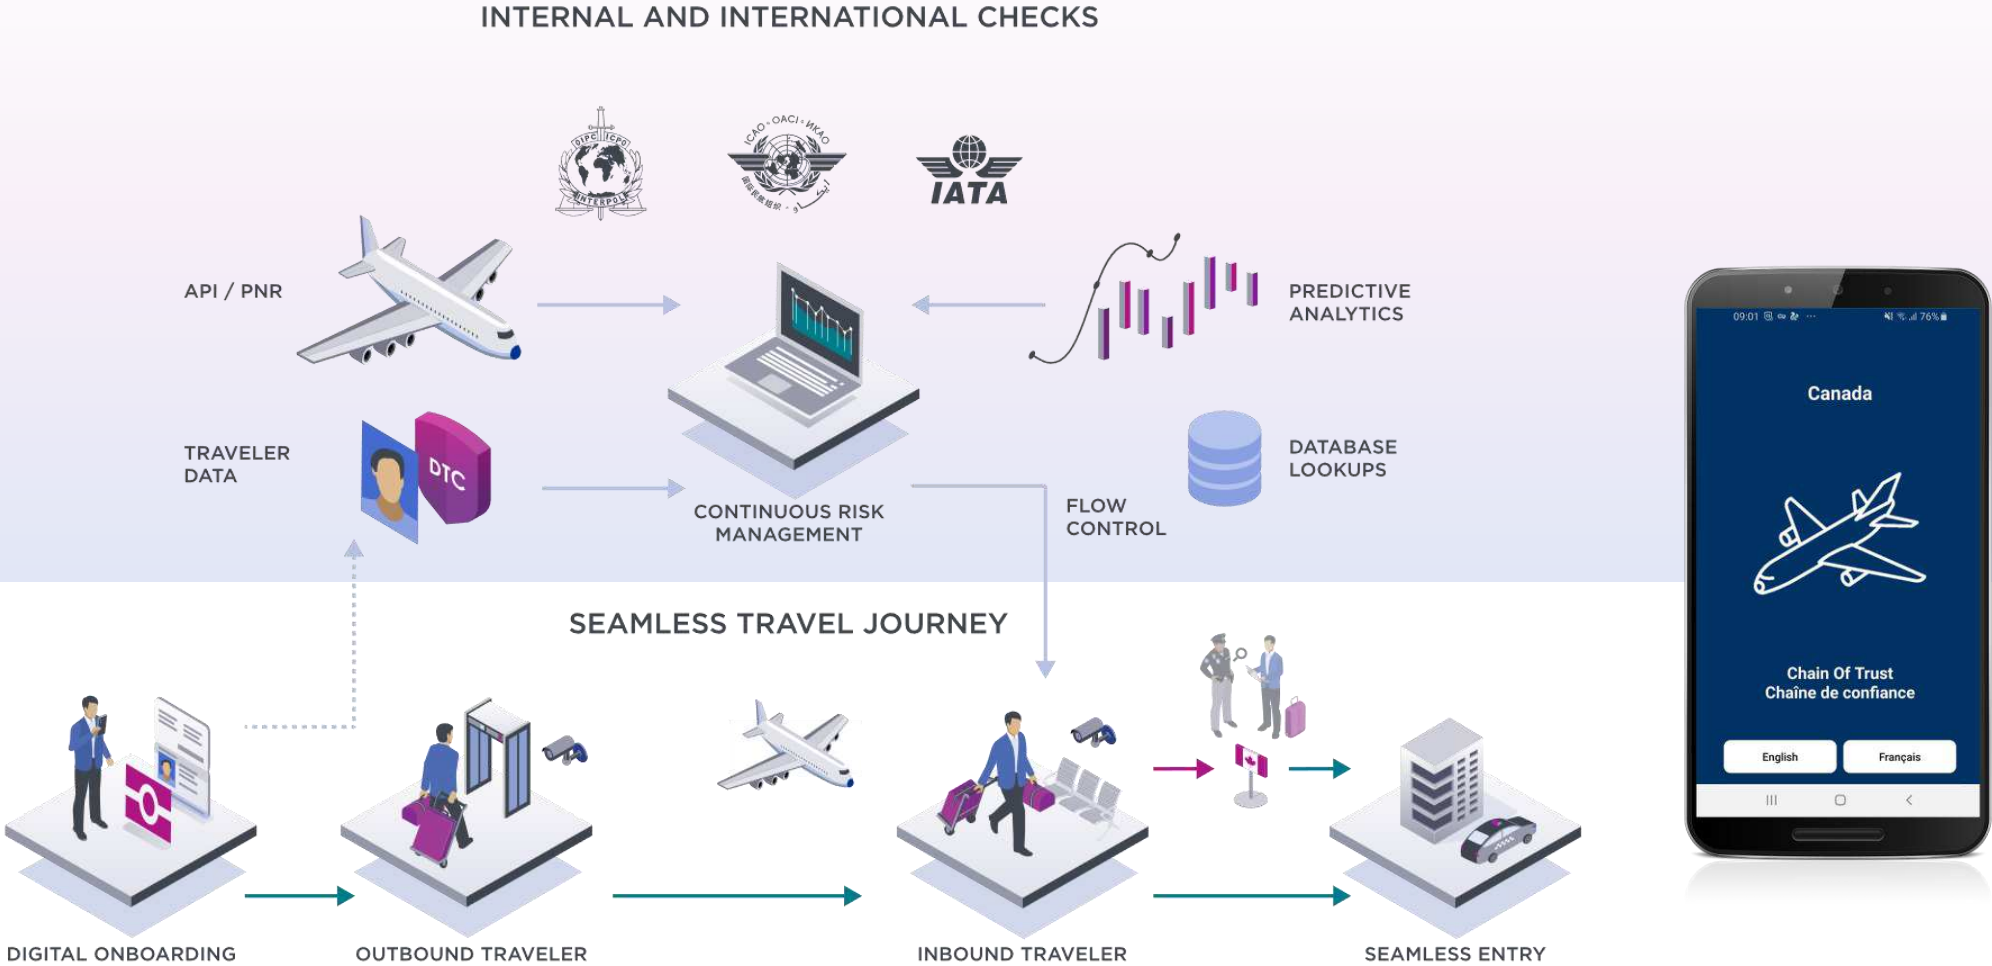

HIGH ASSURANCE DIGITAL IDENTITY

TRAVEL CONTINUUM

Entrust Seamless Travel Solution brings advanced citizen engagement, digital onboarding, adaptive credentialing, and risk-based flow control to the travel continuum.

Canada Seamless Air Border – Chain of Trust

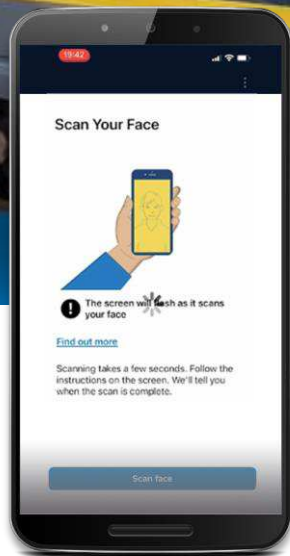

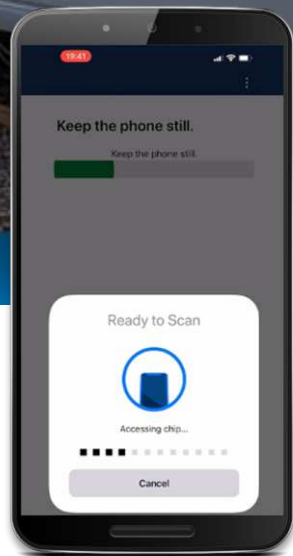

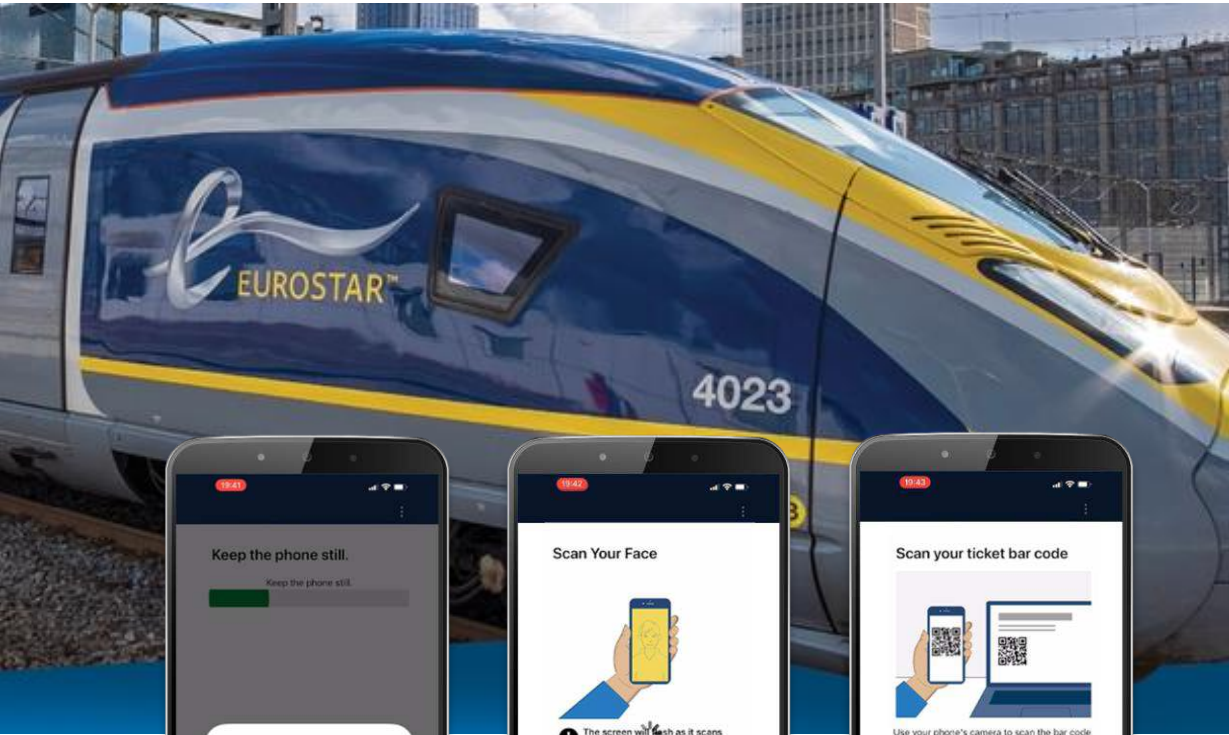

UK Home Office – Large Scale Production Use

EU Settlement Scheme & Points Based Immigration System

- ▶ IDV service, live production since November 2018:
 - Verify identities of EU nationals living and working in the UK when applying for settled status following Brexit
 - Applications are made remotely via a digital process
- ▶ Closing in on 6 million applicants to date
- ▶ Over 90% successful via digital route
- ▶ More immigration use cases in 2021, e.g., BNO, students, temporary workers

Engaging in Pilot Projects to Facilitate Recovery

- ▶ Participating travelers at London's St. Pancras International Station will be able to use a touchless biometric lane instead of presenting identification or tickets.
- ▶ Mobile IDV app with link to ticket system.
- ▶ Exit data provided to UK Border Force.
- ▶ Project partners: Eurostar, iProov, and WorldReach

Additions for Seamless Travel – in process or pilots

- › Next generation of immigration permissions applications: digital & multi-channel
- › What do we do about COVID status credentials? Adding electronic reading and verifying vaccine/test certificates to facilitate automated review and seamless traveler experience.
- › Incorporating ICAO DTC issuance & use

LET EVERY JOURNEY BEGIN WITH CONFIDENCE.
